SADECA

Sadeca brake pad wear sensors are engineered to ensure OEM form, fit, and function. They offer a wide range of Brake Wear Indicators for OE, OES and AM markets.

OEM-style grommets and wire clips guarantee proper mounting and routing within the car chassis, ensuring a trouble-free installation process.

SAD

ZIMMERMANN

Zimmermann brake pads and shoes are designed according to specific vehicle characteristics and material needs.

Friction materials combine up to twenty-five different raw materials to provide the highest quality, reliability, and safety performance.

ZMM

AKEBONO

Akebono EURO Ultra-Premium Ceramic Disc Brake Pads are engineered for a perfect fit for your European vehicle to help ensure peak braking performance.

AKE

TRW

TRW designs and manufactures entire OE braking systems for vehicle manufacturers. Since they design, make and test everything themselves, they guarantee that all TRW True Originals brake parts meet their advanced standards for quality, reliability, and safety.

TRW

1 Year Warranty—Liability for neglect, misuse, special, incidental, direct, indirect and consequential damages is specifically disclaimed. No other warranty, either expressed or implied, including any warranty of merchantability or of fitness for a particular purpose is made.
